Benchmark of Quality in Fasteners

About Us

With evolving architectural styles and industrial advancements, screws have become essential across every industry.

Rashmi Industries, established in 2003, is a leading manufacturer and supplier of high-quality fasteners. We are an ISO 9001:2015 certified company known for delivering reliable and durable products.

We offer a wide range of screws including CSK, Pan Head, Oval Head, Button Head, Allen CSK, and more, available in Phillips and Slotted types.

As a quality-centric organization, our primary focus is to deliver the best products to our clients. Our advanced quality assurance unit, managed by experienced professionals, ensures strict quality checks at every stage of production.

Products We Offer

We manufacture and supply a wide range of fasteners under the brand name "PUSH WELL", including, Screws, Self-tapping screws, Self-drilling screws, and Special fasteners.

We use high-quality raw materials such as Mild Steel, Brass, and Stainless Steel, along with modern manufacturing techniques. Strict quality control is maintained throughout the production process. We offer the following products to our clients;

- MIRROR SCREWS
- SELF-TAPPING SCREWS
- SELF-DRILLING SCREWS
- MACHINE SCREWS
- WOOD SCREWS
- DRYWALL SCREWS
- NUTS
- BOLTS
- WIRE NAILS
- SEMS SCREWS

Quality Assurance

"High quality" is an integral part of our operations. Our dedicated quality assurance unit, equipped with advanced machinery and managed by skilled professionals, ensures strict inspection of products at every stage of production.

Each process - including wire making, cutting & heading, threading, hardening, and plating - is closely monitored to maintain consistent quality standards. We also maintain a reliable vendor base to source premium raw materials.

Wire Making Process

Cutting & Heading Process

Threading Process

Hardening Process

Plating Process

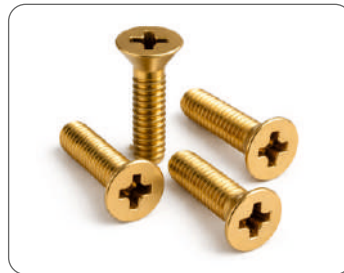

MIRROR SCREWS (+)

Mirror screws provide a clean and secure method for fixing mirrors directly onto walls without bulky frames or visible hardware. Decorative caps conceal the fixing, ensuring a seamless appearance.

THREAD SIZE : #8 (4.40MM)
LENGTH : ½" TO 4" (15MM TO 100MM)
THREAD TYPE: AB TYPE
HEAD TYPE : CSK SLOTTED
MATERIAL : MS & BRASS
FINISH : NICKEL & BRASS

MACHINE SCREWS (+)

Machine screws are widely used due to their precision and strength. These screws are mainly used in mechanical assemblies, electronics, automotive, industrial equipment, construction, and DIY projects.

THREAD SIZE : 3MM TO 6MM
LENGTH : 3MM TO 100MM
THREAD TYPE: MM, BSW, UNC & UNF
HEAD TYPE : CSK, PAN, CHEESE, TRUSS & BUTTON
MATERIAL : MS, BRASS & SS
FINISH : NICKEL, ZINC, BRASS, ETC.

SELF-TAPPING SCREWS (+)

Self-tapping screws are engineered to create their own threads during installation, eliminating pre-threading and reducing assembly time. Widely used in furniture, construction, and general applications, they offer versatility, ease of use, and a firm, reliable grip across multiple materials.

THREAD SIZE : #2.9 TO #5.5 (#4 TO #12)
LENGTH : 6.5MM TO 100MM
THREAD TYPE: AB TYPE & B TYPE
HEAD TYPE : CSK PHILLIPS & PAN PHILLIPS
MATERIAL : MS & SS
FINISH : NICKEL, ZINC, BRASS, ETC.

SELF-DRILLING SCREWS (+)

Self-drilling screws eliminate the need for pre-drilling with an integrated drill-point tip, enabling faster installation. Their flute design clears debris during fastening, ensuring smooth penetration, reduced material damage, and reliable performance in applications requiring speed, efficiency, and durability.

THREAD SIZE : #2.9 TO #5.5 (#4 TO #12)
LENGTH : 9.5MM TO 100MM
THREAD TYPE: AB TYPE
HEAD TYPE : CSK PHILLIPS, PAN PHILLIPS & HEX HEAD
MATERIAL : MS & SS
FINISH : NICKEL, ZINC, BRASS, ETC.

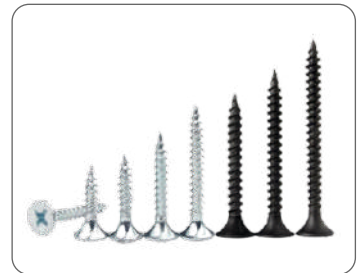

WOOD SCREWS

Wood screws are designed for strong, secure fastening in wooden materials, providing excellent grip and a clean finish. Ideal for furniture, carpentry, and decorative work, they ensure durability and consistent performance in both indoor and outdoor woodworking applications.

THREAD SIZE : #2.9 TO #5.5 (#4 TO #12)
LENGTH : 15MM TO 100MM
THREAD TYPE: AB TYPE
HEAD TYPE : CSK, PAN, OVAL & ROUND
MATERIAL : MS & BRASS
FINISH : NICKEL, ZINC, BRASS, ETC.

DRYWALL SCREWS

Drywall screws are specifically designed to fasten drywall panels to wood, POP, and metal frameworks with high holding strength. They ensure stability and durability in wall and ceiling installations, making them essential for achieving smooth, long-lasting finishes in construction projects.

THREAD SIZE : #3.5 TO #4.2 (#6 & #8)
LENGTH : 13MM TO 75MM
THREAD TYPE: AB TYPE
HEAD TYPE : CSK PHILLIPS
MATERIAL : MS & SS
FINISH : NICKEL, ZINC & BLACK

NUTS (+)

Nuts are fundamental fastening components used with bolts to create strong, secure joints. Widely applied in construction, automotive, and industrial machinery, they provide reliable grip, torque, and stability for consistent performance in demanding fastening applications.

THREAD SIZE : 3MM TO 6MM
MATERIAL : MS & SS
TYPE : HEXAGONAL
FINISH : NICKEL, ZINC, BRASS, ETC.

BOLTS (+)

Bolts are robust fasteners designed for high-strength applications across construction, automotive, and industrial sectors. Engineered for durability and load-bearing performance, they ensure secure connections under stress, while specialized variants like terminal bolts support specific engineering requirements.

THREAD SIZE : 3MM TO 8MM
LENGTH : 8MM TO 75MM
THREAD TYPE: MM, UNC, BSW & UNF
HEAD TYPE : HEXAGONAL & SQUARE
MATERIAL : MS & SS
FINISH : NICKEL, ZINC, BRASS, ETC.

WIRE NAILS

MS Wire Nails are strong and versatile fasteners manufactured from high-quality mild steel. Suitable for construction, carpentry, packaging, and general use, they provide excellent grip, ease of application, and a secure, long-lasting hold in wooden and structural materials.

THREAD SIZE : 2MM TO 4.5MM
LENGTH : 25MM TO 100MM
MATERIAL : MS

SEMS SCREWS

SEMS screws feature pre-assembled washers that enhance assembly speed and efficiency. Commonly used in automotive, electronics, and industrial applications, they simplify installation, reduce handling time, and ensure consistent, reliable fastening performance in high-volume production environments.

THREAD SIZE : 4MM TO 6MM
LENGTH : 15MM TO 35MM
THREAD TYPE: MM
HEAD TYPE : CSK & PAN
MATERIAL : MS & SS
FINISH : NICKEL, ZINC, BRASS, ETC.

ISO 9001:2015 CERTIFIED COMPANY

OEM SERVICE PORTFOLIO

+ CORPORATE OVERVIEW +

Rashmi Industries is a leading manufacturer, supplier, and exporter of fasteners including MS, Brass, and SS screws. With ISO 9001:2015 certification, we maintain high standards of quality and precision.

We manufacture a wide range of products under the brand name "PUSH WELL®", focusing on quality, reliability, and long-term business relationships.

+ OEM & BRAND DEVELOPMENT SERVICES +

We provide comprehensive OEM services for clients looking to develop their own brand identity. Our tiered packaging solutions allow for flexible brand scaling.

Service Tier	Packaging Details	Charges	Service Fee
Option 1	Polythene Bag	5,000 Rs (Die) / Min bag 100kg [Total charge = 5000 + polythene bag rate]	1 Rs/kg
Option 2	Bag + Box	7,000 Rs (Design/Die) / Min box 4k-5k [Total charge = option 1 + 7000 + box rate]	9 Rs/kg
Option 3	Bag+Box+Carton	3,000 Rs (Carton Die) / Min carton 200+ [Total charge = option 1+ option 2+ 3000+ carton rate]	13 Rs/kg
Option 4	Full Branding (Bag+Box+Carton +Packaging Strip)	3,000 Rs (Strip Die) / Min strip 200kg [Total charge = option 1+2+3+ 3000+ strip rate]	15 Rs/kg

Note : All development and die charges are one-time and non-refundable.

ISO 9001:2015 CERTIFIED COMPANY

AUTHORIZED FASTENER DEALERSHIP PROGRAM

Rashmi Industries, established in 2003, is an ISO 9001:2015 certified manufacturer and supplier of industrial fasteners.

Under the brand "PUSH WELL®", we offer a wide range of high-quality fasteners including screws, nuts, bolts, and specialized fastening solutions for diverse industrial applications.

Driven by quality, reliability, and consistency, we are committed to delivering dependable products and building long-term business relationships.

DEALERSHIP APPOINTMENT TERMS & CONDITIONS

1. Business Scope :

Authorized dealers may operate as wholesalers and/or retailers for our complete range of fasteners.

2. Formal Agreement :

A formal dealership agreement will be executed between both parties. This agreement will clearly outline all commercial terms, business responsibilities, and mutually agreed conditions.

3. Territorial Allocation :

Dealerships may be granted on an exclusive or non-exclusive basis, either city-wise or state-wise, subject to mutual agreement.

4. Eligibility for City-Level Dealership :

Prospective dealers must achieve a minimum purchase or sales volume of INR 3,00,000. Upon meeting this requirement, their eligibility for a city-level dealership will be reviewed and processed.

5. Eligibility for State-Level Dealership :

Prospective dealers must achieve a minimum purchase or sales volume of INR 5,00,000. Upon meeting this requirement, their eligibility for a state-level dealership will be reviewed and processed.

6. Approval Rights :

The Company reserves the sole right to approve or reject any dealership application based on its internal evaluation criteria.

7. General Conditions :

All dealership rights, obligations, and operational terms shall be governed strictly by the executed agreement.

Driven By A Commitment To

Quality and Excellence

We Deliver Fastening Solutions That Build Trust,
Ensure Safety, And Strengthen
Every Connection For Years To Come.
